Hyperion- The Cultural Society
of PGDAV College 

Hyperion- The Cultural Society of PGDAV College brings together more than 10 different societies belonging to various genres. From western dance to classical, from technical to beatboxing, you name it we have it. Even though we follow diverse passions, at the end of the day we are ONE and Hyperion is the Glue binding all the societies together. Fascinating enough?? Wait for it... From Lost Stories to Milind Gaba, from Jeeveshu Ahluwalia to renowned poets, we had been inviting many eminent artists to college. If events are ART, then we are the ARTISTS. Hyperion has time and again proved its mettle and if you imagine yourself on the stage with the college chanting your name, then societies are the place for you. Spice your college life a bit and be a part of something greater than yourself, your newly found family and your college. We bring to you an opportunity to follow your passions, meet people who share the same mindset, and compete with the best. Register on the below mentioned links and become a part of the various societies.
